[SEG continues lecturers worldwide](#)

[NAG expands student program](#)

Greetings students,

Wow! What a busy year this has been for the University and Student Programs office at the SEG! We just wrapped up the SEP course in Russia and SEP Europe will be rescheduled for a later date. We have already started planning for the [SEP course in Denver](#), US and Canada students can still [apply online](#), until 1 July! We also just successfully implemented our first international Student Expo in Bucharest. Stay connected to the [SEG Web site](#) in the next month or so for highlights and pictures on these big events! We are still working on our efforts and ideas to strengthen our [SEG Student Chapter program](#) which we will reveal at our [80th SEG Annual Meeting and Exposition](#) in Denver, USA, this fall. Make your plans now to join us. It's looking like a great opportunity for students to visit with employers!

We hope you have a great summer ahead and stay in touch!

Regards,
Melissa, Jenny, and Candice
University and Student Programs

Dates you need to know

May
15
[Student registration and abstract submission for the SEG/EAGE Summer Research Workshop](#)

June
30
[2010 Near Surface Travel Grants due](#)

July
1
[Student Education Program \(SEP\) North American travel grant applications due](#)

October
17-21
[SEG International Exposition and 80th Annual Meeting](#)

2010 SEG/EAGE Distinguished Instructor Short Course (DISC) begins worldwide tour

Colin Sayers presents *Geophysics Under Stress: Geomechanical Applications of Seismic and Borehole Acoustic Waves* in Houston, Dallas, and Calgary in April. Colin will begin his tour in South America and Asia in May. [View the schedule](#) and read [more information here](#).

SEG student zone in the THE LEADING EDGE

Have a great story, experience, or paper? We are now taking student submissions for a new student section in THE LEADING EDGE. [Send us an e-mail](#) for more information or to submit an item.

Numerical Algorithms Group expands the NAG Student Awards Program

The NAG, a world leader in high quality computational software and high performance computing services announces [expanding their student prize program](#). The new awards are intended to cultivate the next generation of numerical software talent worldwide.

SEG Challenge Bowls

Lets go to Sweden and catch a glimpse at [Uppsala University's mini challenge bowl!](#) These students are competing to secure a spot in the regional competition to be held in Romania, in late April. Teams from the regional competitions will then go on to the SEG Challenge Bowl finals in Denver this fall!

Students....be sure to view the [Distinguished Lecture of Peter Duncan](#), moderator of the SEG Challenge Bowl. Peter specifically addresses students in this lecture...and even includes a Challenge Bowl question!
For more information send us an [e-mail](#).

Geoscientists *Without Borders* invited to participate in panel

[The American Association for the Advancement of Science](#) (AAAS) hosted the meeting of the Science and Human Rights Coalition. Although not a member of the coalition, the SEG Foundation Program Geoscientists *Without Borders* was one of four new organizations to be invited as part of a panel discussion on the use of scientists and their tools for humanitarian benefits. Read more about *GWB's* involvement on the [SEG Web site](#).

SEG Student Chapters receive lecturers world wide

[Distinguished \(DL\)](#) and [Honorary \(HL\)](#) lectures are available worldwide to SEG students, student chapters, and faculty through our DL and HL programs. Check our Web site for a [lecturer near you](#).

Need an idea for one of your chapter meetings? You can [view previous DL and HL presentations](#) on the SEG Web site.
