## GEOPHYSICS Checklist for Authors

---

Please check that you have uploaded the following items:

1. **A Biography** for author and each co-author (optional)\*. Word or text documents, please.
2. **A Photograph** of author and each co-author (optional)\*. Please upload jpeg, tiff, or eps files at a resolution of at least 300 dpi. Thank you.

\* If any authors have had biographies and/or photographs published in GEOPHYSICS in the last **four years** and do not need to update the information, please fill in below the issue in which they appeared because we do not require new ones in that case.

Author	Issue (month and year)

3. Completed **Transfer of Copyright Form**.
4. **Two-sentence Summary** of what you consider to be the significant message of your paper. **Please provide a double-spaced Microsoft Word or text file only.** Place the manuscript number in the file name and in the summary document itself. The summary will be used to assist the editor as he prepares "This Issue of GEOPHYSICS" for the issue in which your paper will appear. Please consult any recent "This Issue of GEOPHYSICS" column for examples of the style to use in your summary.
5. Completed **Page Charge Form**.

### Society of Exploration Geophysicists Author's Address Form

Because last-minute problems sometimes arise in the final stages of manuscript publication, it may be necessary to contact you (or your co-authors). Please fill in the requested information and upload in Manuscript Central along with your final manuscript files.
